

Multiple or single intervention - the best approach?

Michelle Blow
Service Manager
Nacro: The Discus Project

Types of intervention

- Primary
- Secondary
- Tertiary
- Single
- Multiple

Single Intervention - What works?

- Focussed on individual
- Appropriate? Intensive? Long lasting?
- Individually tailored

BUT

- Only one aspect of life
- Isolating? Dangerous? Limiting?

Multiple Intervention - What works?

- Involves wider circle
- Tackles causes of anti-social behaviour?
- Longer lasting? Change of attitude?

BUT

- Stigmatising? Criminalising?
- Sustainable?

Conclusion - the best approach?

- Mixture of both
- Adequately resourced for appropriate time period
- Involves change of attitude and belief
- Mixture of emotional and practical learning
