

CENTREX

HELPING TO DEVELOP POLICING

Centrex, the Central Police Learning and Development Authority, is launching a new Crime Prevention Learning and Development Programme designed for all involved in crime prevention and community safety.

It has been developed specifically to enable partners who will be working together, to learn together, and to provide as much flexibility as possible for learners to approach the learning in the way that best suits their needs.

The Programme provides the skills and knowledge to apply and understand crime prevention techniques to develop safer communities.

The following modules are being developed

- Introduction to Crime Prevention and its Role in Community Safety
- Security Products
- Site Surveying
- Problem Solving in Crime Prevention
- Multi Agency Working
- Running a Crime Prevention Initiative
- Designing out Crime
- Safer Parking Award Assessor

The modules may benefit anyone with a responsibility for community safety, including beat managers, community support officers, and others working in community safety partnerships.
